

G T A A G A G T

The image shows a DNA sequence logo for the sequence GTAAAGAT. The letters are color-coded: G is orange, T is red, and A is green. Each letter has a vertical stem and a horizontal bar at the base. The bars are color-coded to match the letter above them. The sequence is displayed in a bold, sans-serif font.

Position	Letter	Color
1	G	Orange
2	T	Red
3	A	Green
4	A	Green
5	G	Orange
6	A	Green
7	G	Orange
8	T	Red
